FRIEDMAN TO THE RESCUE.

It seems as though people who are going to do things with horses almost invariably drive down on Central avenue in front of Harry Friedman's place so he can see what's going on and apply the remedy if there be one. Yesterday a Mexican hitched a team in front of Goldman's store. A few minutes later another Mexican drove up and hitched his team to the rear wheel of the first wagon. Mexican No. 1 then came out and drove away. He was very rapidly winding the team, wagon and harness of outfit No. 2 around the hind axle of his wagon when Mr. Friedman apprised him of what was going on and uncoupled the procession.

LOOKS BETTER.

The finishing touches were put on the first block of the Washington street paving yesterday, when the asphalt coat was laid between the street car rails between Central avenue and First avenue and the intersection of Central avenue and Washington street. It begins to look like a real street.

JEFF ADAMS ENTERTAINS.

Jeff Adams, sheriff-elect, entertained a number of his friends at a bull-head dinner yesterday. Those who went say that it was some feed.

WILL LIVE IN WICHITA.

Miss Hester Willett left for Wichita, Kan., yesterday evening, where she will make her home.

GONE TO CALIFORNIA.

Mr. and Mrs. W. J. Harmon and family left for Riverside, Calif., yesterday, to spend the winter.

MARRIED IN DECEMBER.

The marriage of Mrs. Ida E. Reid to Robert E. Wilson has been announced. The ceremony was performed December 9 by Judge J. C. Phillips.

BISBEE VISITOR.

John Mason Ross one of the best fellows on earth, and all the better for being a good republican, was a Bisbee visitor in Phoenix yesterday.

AMERICAN WOMAN'S LEAGUE.

The next meeting of the American Woman's League is postponed until Wednesday afternoon, January 10.

EXCELSIOR DIARIES 1912

The H. H. McNeil Company

POLICE COURT.

Only twenty-five drunks "got their" before Judge Thomas in police court yesterday afternoon. However, the number is not the result of a day, but the accumulation of Sunday, New Year's and most of yesterday. The company, or almost an army, have a variety of repertoire stunts which would put to shame the ordinary stock companies now going the rounds. There are quartettes with the best "harshness" ever, yodlers, orators, and a man with thirteen fingers who can get away with all kinds of slight-of-hand performances.

TO VISIT RELATIVES.

H. F. Baker and his sister, Miss Annie Baker, went to Daggett, Calif., last night, where they will visit relatives.

DR. E. M. CHAPMAN ILL.

Dr. E. M. Chapman, who came here recently to accept the pastorate of Congregation Emmanuel, was suddenly taken ill with pleurisy following a severe cold. He was taken to Dr. Angen's private hospital and a report from Dr. Angen late last night indicates that Dr. Chapman has pneumonia, though he is not at present dangerously sick.

PENNSYLVANIANS MEET.

A goodly number of former residents of the Keystone state assembled last night at the office of Dr. Angen, 215 North Third avenue to organize a Pennsylvania society of Arizona. J. C. Reed presided over the meeting as chairman and after a discussion of pertinent matters it was decided to hold another meeting for organization at the board of trade room on January 12 at 6 o'clock.

HARRY VAN ALLEN HERE.

Thirty friends of Harry Van Allen are glad to see him walking about Phoenix streets again, even if it is only for a few days. Harry used to work here years ago for Cook the Jeweler, and afterward was connected with the Hilderson store, but he has gotten into the bloated millionaire class lately and is part of a company that owns jewelry stores in Globe, Ray, Kelvin and other places.

NEW OFFICES OF THE A. E.

The Arizona Eastern office for the traffic department are almost complete. The fixtures which have been so much commented upon were designed by L. G. Kniep, the local architect, and are a credit to the profession. Superintendent A. R. Gatter is expecting a shipment of enlarged scenic photographs from "Prisco," made especially for this office.

COMMUTATION OF SENTENCE.

Governor Shum yesterday granted a commutation of sentence to Madison Linton, a convict whose term of service will expire January 20. Linton was sent to the penitentiary from this country January 1, 1911 under a two years sentence for assault with a deadly weapon. His good time and credit for work on the Tempe bridge worked his early release.

POSTOFFICE BOX RENTS.

The demand for postoffice boxes, as it has for some time, exceeds the supply, and those now in use on which the rent has not been paid for the ensuing quarter will be sold to the first comers. The present holders have had due and legal notice, and if they permit their boxes to be sold from under them they can blame nobody.

MINING IN YAVAPAI.

George E. Young, territorial secretary, spent New Year's at his mine in Yavapai county. He says the mining business in that county is looking up greatly in the last few weeks and predicts a large measure of activity in the near future.

BACK TO DETROIT.

Elmer Kim, who has been spending the early part of the winter in Phoenix, left last night for his home in Detroit.

GONE TO OKLAHOMA.

Mr. and Mrs. P. Ham and children departed for Oklahoma City yesterday, where they will make their new home.

PALMER TO FIGHT.

J. L. Palmer, who is charged with child desertion, was arraigned in Justice Parker's court yesterday. He was released on bond and will buy himself summoning witnesses. He says that he has a strong defense.

HERE ON BUSINESS.

Hon. Robt. E. Morrison of Prescott was a business visitor in Phoenix yesterday. He was smiling just as happily as though there had not been a recent election in Arizona in which he "got, bid and died," with the rest of them.

MARICOPA WELL HEADED.

Maricopa county has \$615,984.95 in its treasury. The supervisors took an inventory of the cash on hand yesterday. This is the best showing that the county has ever made.

RETURNED HOME.

Mr. and Mrs. J. O. Dunbar have returned from a few days spent at Agua Caliente Hot Springs, where they went for a few days' rest and recuperation for Mr. Dunbar.

B. A. FOWLER OUT.

B. A. Fowler, who has been confined to his home for several days with a severe cold, was able to be down town a while yesterday.

JEFF ADAMS ENTERTAINS.

Jeff Adams, sheriff-elect, entertained a number of his friends at a bull-head dinner yesterday. Those who went say that it was some feed.

WILL LIVE IN WICHITA.

Miss Hester Willett left for Wichita, Kan., yesterday evening, where she will make her home.

PROMINENT DENTIST DEAD.

Dr. H. Leitch, a prominent dentist of New York city, who came here six weeks ago from Denver, to see if the climate would benefit his health, died on New Year's day and was buried on January 2, at 2:30 in the Jewish cemetery. Dr. Leitch was a Russian and was residing on East Roosevelt street at the time of his death. He leaves a wife and a child one year old.

THESE PEOPLE DON'T DESIRE JUDGE HOOK

Protest Comes From Divorce Haven Against Confirmation of Possible Appointment.

[Associated Press Dispatch]

RENO, Nev., Jan. 2.—Anticipating the nomination of Judge Hook to the supreme bench, Nevada senators and congressmen have been asked to oppose his confirmation. A message strongly urging the nomination of Franklin Lane, or of "some other broadly progressive man in sympathy with the people and not with special interests" has been sent to Washington.

"We are authoritatively informed," the message reads in part, "that Judge Hook's sympathies are all with the public service corporations in the matter of their regulation. No man should be placed on the bench at this time whose views on the most important points are open to the smallest doubt."

Opposition to Judge Hook, it was learned from one of the commission members, is based largely upon his decision in the Oklahoma case now on appeal to the supreme court.

HUMAN NATURE IN HAWAII.

In the January American magazine, Ray Stannard Baker writes an article which he calls "Human Nature in Hawaii," showing how the few wants the many to work for them—perpetually and at low wages. Following is an extract from the article:

"As good a bit of economic philosophy as I heard while in the Hawaiian Islands came from the lips of a curious character who keeps a little stopping place in the island of Maui. When he took our bags at the wharf, my companion asked him how the town was prospering.

"Oh," said he, "we're all right so long as the Japs keep on working."

"Stripped bare of all confusing non-essentials our curious hotelkeeper had set forth the fundamental condition in Hawaii. So long as the Japanese, the Chinese, the Portuguese, the Porto Ricans, the Filipinos, the Koreans and all the other babel of foreign peoples keep on working quietly, we're all right."

"Practically everything in Hawaii depends upon the sugar industry—all

the wealth, the fine homes, the beautiful buildings, the smooth automobile roads, the extraordinary charitable and benevolent institutions. And the sugar industry depends largely upon the labor of these foreign peoples, mostly Japanese, upon the land. It will be seen, then, how true was the remark of our hotelkeeper in Maui:

"We're all right so long as the Japs keep on working."

At the January meeting of the Western College conference the Minnesota representatives will again voice a protest against the rules governing baseball, which delay any athlete from playing on a college nine who during the summer receives money for his services as a player, whether in a league or not.
